Technical drawing of a bridge cross-section. The drawing shows a central span with a width of 6.40. On either side of the central span are two side spans, each with a width of 3.14. The total width of the bridge deck is 12.64. The bridge has a total height of 1.10. The side spans are supported by abutments that are 3.00 wide. The central span is supported by a pier that is 0.20 wide. The drawing includes various hatching patterns to indicate different materials or structural components.
