Technical drawing of a bridge cross-section. The drawing shows a central span with a width of 6.40. On either side of the span are abutments with a width of 3.14. The total width of the bridge structure is 12.64. The drawing includes dimensions for the deck width (3.00), the parapet width (0.20), and the total height (1.10 + 3.90 = 5.00). The drawing also shows the internal structure of the bridge, including the deck, the parapet, and the abutment structure.

The image contains two diagrams of a road junction. The top diagram shows a road from the bottom approaching a junction with a road from the top. The bottom diagram shows a road from the top approaching a junction with a road from the bottom. Both diagrams include directional labels 'Ke Lemahbang' and 'Ke Kaloran'.
